

Hello to all!

Thank you for your interest in the Full Spectrum Tours', End of Season Sale newsletter, your guide to great savings on top quality kayak equipment. Huge discounts on boats and paddle gear is what this sale is all about. Included is all of our used kayaks and canoes for sale, our new kayaks and used kayak accessories on sale. For your convenience, each item lists the price if you were to buy it new and the sale price. You don't want to miss out on this one! All sales are on a first come first serve basis, so act fast and purchase your new kayak today!

You can reserve your equipment, with a 50% non-refundable deposit as soon as you get this newsletter. The pick up dates for your equipment will be Sept.6th or any time there after . Please make arrangements with us to do this. All used equipment is sold as-is. Unfortunately we do not have room to store all of our kayaks in town at our retail location, so, if there is a specific kayak you are interested in and would like to see, rent or demo, please call us in advanced to set up a time and we can have it available for you to look at.

Also you may want to schedule a demo session to see which kayak fits you best. Cost is \$30 per session (can be applied to the purchase) for approximately one hour with someone to help you adjust the kayaks properly, discuss advantages of different models, and be there to answer any questions you may have about them. You may try up to four different boats at a session. We highly recommend this, as each kayak is unique and handles differently once in the water. Please give us at least 24hrs notice to schedule this for you.

Don't forget to check out the new paddle gear on sale available in our retail shop. These are not listed in this newsletter. Some items include spray skirts, dry-bags, gloves, booties, wet suits, paddle jackets, water shoes, P.F.D.'s, rash guards and much, much more! This is a great time to stock up for fall paddling.

Happy Paddling!!

Melissa and Jason Wiley
